

STANDARDS & SERVICE

Many of our clients, who have properties in our area but are based further afield, utilise our services as a 'one-stop shop'. We have a team of associated trades to call on, ensuring our high standards extend to any building, decorating or remedial work required. Our clients know they can depend on us to attend and make safe any emergencies and report to them with all the details, leaving them with peace of mind.

OUR CLIENT BASE INCLUDES :

- Cornwall Council
- Cornwall Schools
- South East Cornwall Landlord Services
- St Austell Brewery Co Ltd
- Duchy Of Cornwall
- St Mellion International Resort
- Trethorne Golf Club
- The Diocese of Truro
- The Eden Project
- Abbeyfield Care Homes
- Torcare Group of Care Homes
- Tregertha Care Home
- St Therasas Care Home
- Claremont Hotel
- Reef Island Group of Hotels
- Plymouth Argyle Football Club
- Sibelco Quarry Sites
- ...to name but a few

ECO-PLUMBING & HEATING

for Cornwall & Devon

SAS & Trewartha's Plumbing and Heating Ltd is the modern face of one of the oldest established plumbing and heating companies in Cornwall. We offer the complete service from the one off customer to corporate estates and local authorities; a single service to a planned maintenance contract or a tap washer to scheduled multi-site installations. Based in Liskeard, our fleet of sign written vehicles cover the area of Devon and Cornwall.

SAS & Trewartha's Plumbing and Heating Ltd is the modern face of one of the oldest established plumbing and heating companies in Cornwall.

WHY choose US?

BEST SERVICE

We offer the complete service from the one off customer to corporate estates

and local authorities; a single service to a planned maintenance contract or a tap washer to scheduled multi-site installations. Based in Liskeard, our fleet of sign written vehicles cover Devon and Cornwall. We are registered with **Gas Safe Register** (for gas) , **OFTEC** (for oil), and are company members of the **Institute of Plumbing and Heating Engineers** and many other registered bodies.

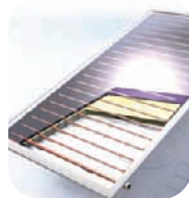

TRAINED FIELD STAFF

All of our field staff are uniformed and carry identification (**CSCS Health & Safety ID Cards**) and when working with those from vulnerable groups, further measures to reassure can be implemented such as passwords or double attendance. Our field staff are also provided with mobile camera phones to record site information for the purposes of estimating or to clarify their report and all Company vans are fitted with tracker units which means, in the event of an emergency, we can direct the closest suitably qualified member of staff to you or your property.

ONGOING TRAINING KEEPS ALL OUR STAFF UP TO DATE WITH THE LATEST REGULATIONS AND TECHNOLOGIES

Our programme of ongoing training means we have a multi-disciplined team of Engineers, Plumbers and Operatives, including energy efficiency and solar technologies. We are **Bpec** qualified (**solar & renewables**).

eco plumbing & heating solutions

YOUTH DEVELOPMENT

We believe in supporting the development of the young and have a strong approach to developing our staff with apprentices.

ECHO CENTRE

LISKEARD SCHOOL

COMMUNITY SUPPORT

We support local pro-youth groups within our community.

LOCAL ADVERTISING/SPONSORSHIP

We as a Company have found that following our involvement with youth groups, the youth groups have taken pride in who they represent and what they do.

SALTASH RUGBY CLUB

They have found that team building has improved with a sense of belonging and with this, the team spirit has improved.

If we as a Company can encourage this success, we all need to support the next generation.
